November 1887.

Dear Henry

I depend that  
you for your interesting  
note & for the photos &  
Robinson sent me of the  
San Francisco Blues  
bill I will announce to  
you the up and coming of my  
two delightful pictures.  
- I am happy to say that they

reached me in excellent  
condition and are now in  
the careful hands of J. J.  
the vice President's desk  
is the most trustworthy  
amongst the picture players  
- I am all eyes & ears to have  
them home - By the way that  
an extraordinary account  
fitting for Lauch Bernadino  
must have done! - I believe  
that he is in my hands &  
Pictor also. - You know

probably that the Haughwax  
Galley at Subbro is the old  
this last Spring, I believe  
that it consists of a wilder-  
ness of rubbish & can well  
imagine the sort of thing it  
is from my knowledge of  
another famous collection  
in that town - (or at least)  
- Still possibly some good  
things might lurk in a corner  
& in the very improbable event  
of your not buying of the  
sale I put mention it to  
you. - I wonder whether

you have some one  
Boston, I wrote to him to  
Florence but have not  
heard from.
